HOME BASED BUSINESS SALES ORGANIZATION

In any business, sales must be made. A **product** or **service** must be sold. In the **MyEcon Home Based Business**, the **service** is the **MyEcon Income Shifting Membership (ISM)**.

Are you already in a sales career? **Perhaps you are a business owner, real estate agent, mortgage loan agent, insurance agent, new or used car sales agent or maybe you are already a network marketer.** In this economy, I hope your sales are not down in your business. But if your sales are down, you may need another product to sell.

If you are already in sales, you know about getting paid in commissions. You understand what you read see and hear. You do not have to worry about the national do not call list because you can call and talk to people in sales about **MyEcon** without feeling like you are talking to a stranger. If you are not already in sales, you may want to start a part time or full time **Home Based Business Sales Organization**.

YOU ARE ALREADY IN SALES

You have heard people say – I don't like sales, I don't want to sell anything. I just want to work on my regular **9 to 5** job and get paid every week. Please realize you are already in sales. If you have a job you are **selling 40 hours** of your time to your employer each week. Your employer is **buying 40 hours** of your time from you each week. So in this case you are in the business of **selling 40 hours** of your time to your employer each week.

So you see, almost everything about money on this planet involves buying and selling something. That is how money is used and generated. By buying and selling something. In this economy, a large number of people are looking for an opportunity to earn more money. You can earn money by joining **MyEcon** and setting up your own **Home Based Business Sales Organization** within **MyEcon**. **MyEcon** uses a business model called **Network Marketing**.

NETWORK MARKETING

Network Marketing is a **direct selling method** in which independent-agents serve as distributors of **products or services**, and are encouraged to build and manage their own **Sales Organization** by recruiting and training other independent agents.

In this method, the agent earns money on his own sales, as well as on the sales made by agents in his **Sales Organization**. His **Sales Organization** consists of the agents he recruits, the agents they recruit, and so on. This is also called the downline.

Network Marketing has produced more **millionaires** than any other industry. **Network Marketing** is also called **Multi-level Marketing (MLM)**. It is a **multi-billion** dollar worldwide industry that distributes practically any **product or service**.

FINANCIAL LITERACY - YOUR ECONOMY

MyEcon is short for **My Economy**. So this is about **Your Economy**. In addition to the **financial strategies** you saw in **Video 1** above, following are more **financial strategies** that are very important to **Your Economy**.

1. Save ten percent or more of any money you receive so you will never be broke.
2. Start a **home based business**. You can earn money and save on taxes. **MyEcon** is a very good **business** to start. Set up a **Limited Liability Company** so you can protect your assets. <https://tinyurl.com/v43xhn7f>
3. Maintain a high positive **Net Worth**. By definition your net worth is your assets minus your liabilities. **Net Worth = Assets – Liabilities**. Please select the following link to the net worth calculator. Input your assets and your liabilities. Then click anywhere on the page to calculate your net worth. Notice how a very large student loan liability could cause a negative net worth. <https://tinyurl.com/v3n8n36n>
4. Purchase some **Income Producing Assets** for yourself so your money can work for you. An **Income Producing Asset** is something you buy that will make money for you every month without you touching it again. Like real estate, stocks, bonds, mutual funds, annuities, 401K and so on. A large number of people have never done this. Parents and grandparents teach your children and grandchildren all about these **financial strategies**.

COMPENSATION PLAN – INCOME EXAMPLE - SHOW ME THE MONEY – LET’S GO VIRAL EARN \$7,000 PER MONTH RESIDUAL INCOME ON THE INTERNET

According to the **Compensation Plan** document in your **Back Office**, you can earn money with **MyEcon** in a number of ways. However, this income example is about **2** ways you can earn money with **MyEcon**.

- 1. Weekly Base Shop earnings.**
- 2. Monthly residual earnings from 5 generations.**

This income example is about signing up **4** people in your first **5** days. That is the same as selling **4 MyEcon Memberships** in your first **5** days. That will be **1** training sale for your sponsor’s base shop and **3** regular sales for your base shop in your first **5** days. **Your sponsor will help you.**

FIRST 5 DAY PERIOD – YOUR BASE SHOP

The first person you sign up will be assigned to your sponsor and will be placed into your sponsor’s base shop. You could receive **5** percent of the income earned in the **Base Shop** of the first person you sign up.

When you sign up your first person, you will earn **\$5**. Your sponsor will earn **\$45**. You will be promoted from **Marketing Director (MD)** to **Executive Vice President (EVP)**. Then you can start your own **Base Shop** with the next person you sign up. **You will receive 100 percent commissions on personal sales.** The cost of the **membership** is **\$49.95**. So you will earn **\$50** for each person you sign up after the first person. So, start your **Base Shop** by signing up **3** people (**your original 3**). You could earn $3 \times \$50 = \150 .

You will earn **\$45** for each person placed into your **Base Shop** not signed up by you. The first person signed up by each of **your original 3** will be placed into your **Base Shop**. So your **Base Shop** will gain **3** more. You could earn $3 \times \$45 = \135 .

The first person signed up by each of those **3** will also be placed into your **Base Shop**. So your **Base Shop** will gain **3** more. You could earn another $3 \times \$45 = \135 .

The first person signed up by each of those **3** will also be placed into your **Base Shop**. So your **Base Shop** will gain **3** more. You could earn another $3 \times \$45 = \135 . This process could continue in your **Base Shop** to infinity. So you could earn **\$135** every **5** days to Infinity.

The **Base Shop** commissions pay period begin at 12:01 AM EST each Saturday and ends at 12 PM midnight EST each Friday. Commissions are paid on the Friday following the week the sales were made. **You could get paid every week.**

Now the **\$135** every **5** days is only your **Base Shop** commissions. You will see below that the biggest part of your commissions will come from your **monthly residual commissions** that will be produced by your **5** generations.

SECOND 5 DAY PERIOD – YOUR FIRST GENERATION

Your original 3 will do the same thing you did. That is, start their base shop by signing up **3** people. Their base shop is your first generation. So you will have $3 \times 3 = 9$ members in your first generation. You could be promoted to **EVP Gold**.

THIRD 5 DAY PERIOD – YOUR SECOND GENERATION

Those **9** will do the same thing you did. That is, start their base shop by signing up **3** people. Their base shop is your second generation. So you will have $9 \times 3 = 27$ members in your second generation.

FOURTH 5 DAY PERIOD – YOUR THIRD GENERATION

Those **27** will do the same thing you did. That is, start their base shop by signing up **3** people. Their base shop is your third generation. So you will have $27 \times 3 = 81$ members in your third generation. You could be promoted to **EVP Platinum**.

FIFTH 5 DAY PERIOD – YOUR FOURTH GENERATION

Those **81** will do the same thing you did. That is, start their base shop by signing up **3** people. Their base shop is your fourth generation. So you will have $81 \times 3 = 243$ members in your fourth generation. You could be promoted to **EVP Infinity**.

SIXTH 5 DAY PERIOD – YOUR FIFTH GENERATION

Those **243** will do the same thing you did. That is, start their base shop by signing up **3** people. Their base shop is your fifth generation. So you will have $243 \times 3 = 729$ members in your fifth generation. You could be promoted to **CEO Infinity**.

The total so far after **six five day periods (30 days)** is **3** in your base shop and $9 + 27 + 81 + 243 + 729$ in your first five generations for a total of **1,089** members, with more to come. I say more to come because as you know your **Base Shop** could have **3** new members to come in every **5** days. As they get promoted to **EVP** and start their own **Base Shop**, that will cause the number of members to increase.

As the members in your **Sales Organization** pay their monthly **\$34.95** membership fee, you could get paid monthly residual income for each of them according to the following:

When you have **1 to 7** members – You could be promoted to **EVP** – Earn **\$1** per month.

When you have **8 to 49** members – You could be promoted to **EVP Gold** – Earn **\$3** per month.

When you have **50 to 299** members – You could be promoted to **EVP Platinum** – Earn **\$5** per month.

When you have **300 to 999** members – You could be promoted to **EVP Infinity** – Earn **\$7** per month.

When you have **1,000** members or more – You could be promoted to **CEO Infinity** – Earn **\$7** per month plus a prorate share of a company **Revenue Pool**.

So **30** days after you sign up, you could be a **MyEcon CEO Infinity** with **1,089** members in your **Organization**. You could receive **\$7** per month for each member in your **Sales Organization**. So, you could receive $\$7 \times 1,089 = \$7,623$ per month $\times 12$ months = **\$91,476** per year.

MyEcon pays out **monthly residual commissions** on the second Friday of the month following the month the **\$34.95** membership fees was paid.
