FINANCIAL LITERACY - YOUR ECONOMY

You have heard all about the **United States** economy. **MyEcon** is short for **My Economy**. So this is about **Your Economy**. In addition to the **8** services above, you will learn about **3** important financial strategies that are very important to **Your Economy**.

1. Save ten percent or more of any money you receive for yourself so you will never be broke.
2. Start a **home based business**. You can earn money and save on taxes. **MyEcon** is a good **home based business** to start. You start as a **Marketing Director**. You can work your way up to **CEO Infinity**.
3. Purchase some **Income Producing Assets** for yourself so your money can work for you.

An **Income Producing Asset** is something you buy that will make money for you every month without you touching it again. Like stocks, bonds, mutual funds, annuities, 401K, real estate and so on. A large number of people have never done this. Parents and grandparents teach your children and grandchildren all about these **3 important financial strategies**.

JOIN MYECON – LET'S GO VIRAL

We are looking for people to join **MyEcon** and sign up **4** or more people to join. Then help them sign up **4** or more people to join. If you sign up **4** people in your first week and if they do the same, and so on, you and they could earn **\$7,000** per month on the Internet. **Get paid every week.**

No experience necessary. Work from home. No license required. No background check. No test to take. No high school diploma. No college degree. We will show you how to earn money on the Internet. The Internet is a level playing field for everyone. **Everyone is accepted.**

Please go to the email message you received from your sponsor. Select your sponsor's **MyEcon** affiliate website address. Study the website. Watch the **opportunity video**. Select **join now**. Fill in the form. Your username is case sensitive. So do not use capital letters.

Follow the instructions to pay **\$19.95** for your **MyEcon Membership**. Then pay **\$34.95** per month starting next month. You can use **Visa, Master Card, Discover Card** or **American Express Card**.

You will have your own **MyEcon** affiliate website.

After you join, check your email. You will receive a welcome email which includes a password created by the system. You can use your username and that password to log into your back office. However, the first time you log into your back office, you must change your password to whatever you want it to be.

YOUR BACK OFFICE

Please select the following link to log into your back office <https://www.myecon.net/login> Use your username and password to log into your back office. In the back office top menu, select - **my account**. Under - **my commission** – select **form W-9** and select **direct deposit** so you can indicate how you would like to get paid.

The commission pay period begin at 12:01 AM EST each Saturday and ends at 12 PM midnight EST each Friday. Commissions are paid on the Friday following the week the sales were made. **You could get paid every week.**

COMPENSATION PLAN – INCOME EXAMPLE EARN \$7,000 PER MONTH RESIDUAL INCOME ON THE INTERNET

Please see the **compensation plan overview** in your back office under **Compensation**.

After you join **MyEcon**, your first title will be **Marketing Director (MD)**. The first person you sign up will be your **training sale**. You will receive **\$2**. Your sponsor will receive **\$18**. You will be promoted out of your sponsor's base shop to **Executive Vice President (EVP)**. Then you can start your own base shop.

The person you make your first sale to will remain in your sponsor's base shop until he or she makes their first sale. You will receive a **5 percent override** on sales made in his or her base shop. After you make your first sale, you will receive **\$20** for each sale you make and **\$18** for each first sale made by anyone in your base shop.

Try to sign up **4** people in your first **5** days. That will be **1** training sale for your sponsor and **3** regular sales for your base shop. You will receive **\$2** for your **1** training sale and **\$20** for each of the other **4** sales. So you could earn $\$2 + 3 \times \$20 = \$62$ in your first **5** days or less.

You will receive **\$18** for each first sale made by anyone in your base shop. As the **3** people in your base shop make their first sale and promote out of your base shop, you will receive $3 \times \$18 = \54 . As those **3** make their first sale and promote out of your base shop, you will again receive $3 \times \$18 = \54 . As those **3** make their first sale and promote out of your base shop, you will again receive $3 \times \$18 = \54 . This could continue on to infinity in your base shop.

When your original **3** people promote out of your base shop they can start a base shop of their own by making **3** sales each. That will create for you a first generation of $3 \times 3 = 9$. Those **9** will create a second generation for you of $9 \times 3 = 27$. Those **27** will create a third generation for you of $27 \times 3 = 81$. Those **81** will create a fourth generation for you of $81 \times 3 = 243$. Those **243** will create a fifth generation for you of $243 \times 3 = 729$. The total so far is $3 + 9 + 27 + 81 + 243 + 729 = 1,092$ members, with more to come.

According to the **compensation plan overview** in your back office, as you advance from **EVP** to **EVP Gold** to **EVP Platinum** to **EVP Infinity**, you could earn **\$1**, **\$3**, **\$5** or **\$7** per month respectively for each member in your **Organization**. When you have **400** members in your **Organization** you could be promoted to **EVP Infinity**. At that time you could receive **\$7** per month for each membership in your **Organization**.

This **income example** is about your base shop and your first **5** generations. That is a total of **6** groups which contains **3** in your base shop and **5** generations containing $9 + 27 + 81 + 243 + 729$ for a total of **1,092** members in **6** groups.

So, if you and each member in your **Organization** make **4** sales in the first **5** days after joining – that will be **1** training sale and **3** regular sales, then in $5 \text{ days} \times 6 \text{ groups} = 30$ days, you could have $3 + 9 + 27 + 81 + 243 + 729 = 1,092$ members in your **Organization**. As members in your **Organization** pay **\$34.95** per month for their membership you could receive **\$7** per month for each membership in your **Organization**.

Thirty days after you start your **Organization**, you could be a **MyEcon EVP Infinity** with **1,092** members in your **Organization**. You could receive **\$7** per month for each member in your **Organization**. So, you could receive **$\$7 \times 1,092 = \$7,644$ per month $\times 12 = \$91,728$ per year.**
