SALES CAREER

Are you already in a sales career? **Perhaps you are a real estate agent, mortgage loan agent, insurance agent, new or used car sales agent or maybe you are already a network marketer.** In this economy, I hope your sales are not down. But if your sales are down, you may need another product to sell.

If you are already in sales, you know about getting paid in commissions. You understand what you read see and hear. You do not have to worry about the national - do not call – list because you can call and talk to people in sales about **MyEcon** without feeling like you are talking to a stranger. If you are not already in sales, you may want to start a part time or full time career in Sales.

YOU ARE ALREADY IN SALES

You have heard people say – I don't like sales, I don't want to sell anything, I just want to work on my regular **9 to 5** job and get paid every week. Please realize **you are already in sales.** If you have a job you are selling **40 hours** of your time to your employer each week. Your employer is buying **40 hours** of your time from you each week.

So you see, almost everything about money on this planet involves buying and selling something. That is how money is used and generated. **By buying and selling something.** In this economy, a large number of people are looking for an opportunity to earn more money. You can earn more money by buying a **MyEcon** membership and then selling a membership to as many people as you can.

NETWORK MARKETING

Network Marketing is a **direct selling method** in which independent-agents serve as distributors of **products or services**, and are encouraged to build and manage their own sales force by recruiting and training other independent agents.

In this method, the agent earns money on his own sales, as well as on the sales made by agents in his **sales organization.** His organization consists of the agents he recruits, the agents they recruit, and so on. This is also called the downline.

Network Marketing has produced more **millionaires** than any other industry. Network Marketing is also called multilevel marketing (MLM). It is a **multi-billion** dollar worldwide industry that distributes practically any **product or service.**

COMPENSATION PLAN – EARN \$450,000 PER YEAR ON THE INTERNET

Please select the following link https://youtu.be/izK8H5eY_Pk and watch the **MyEcon** compensation plan video featuring **Mr. June Collier – vice president of marketing** (see **Mr. Collier** on the website under – **about us**). You will learn all about the money you could earn after you become a member of **MyEcon**.

As you watch and listen to the compensation plan video, you will hear **Mr. June Collier** say - after you join, your first title will be **Marketing Director (MD)**. The **first sale** you make will be your **training sale**. You will receive **\$10**. Your sponsor will receive **\$40**. You will be promoted out of your sponsor's base shop to **Executive Vice President (EVP)**. Then you can start your own base shop.

The person you made your first sale to will remain in your sponsor's base shop until he or she makes a first sale and start a base shop of their own. You will receive a **5 percent override** on sales made in his or her base shop. After you make your first sale, you will receive **\$50** for each sale you make and **\$40** for each first sale made by anyone in your base shop.

Try to make **5** sales in your first week or less. **One training sale for your sponsor and 4 regular sales for your base shop**. You will receive **\$10** for your training sale and **\$50** for each of the other **4** sales. So you could earn **$\$10 + 4 \times \$50 = \$210$** in your first weeks or less.

You will receive **\$40** for each first sale made by anyone in your base shop. As the **4** people in your base shop make their first sale and promote out of your base shop, you will receive **$4 \times \$40 = \160** . As those **4** make their first sale and promote out of your base shop, you will again receive **$4 \times \$40 = \160** . As those **4** make their first sale and promote out of your base shops, you will again receive **$4 \times \$40 = \160** . This could continue on to infinity in your base shop.

When your original **4** people promote out of your base shop they can start a base shop of their own by making **4** sales each. That will create for you a first generation of **$4 \times 4 = 16$** . Those **16** will create a second generation of **$16 \times 4 = 64$** . Those **64** will create a third generation of **$64 \times 4 = 256$** . Those **256** will create a fourth generation of **$256 \times 4 = 1,024$** . Those **1,024** will create a fifth generation of **$1,024 \times 4 = 4,096$** .

According to the **compensation plan video**, as you advance from **EVP** to **EVP Gold** to **EVP Platinum** to **EVP Infinity**, you could earn **\$2.50**, **\$7.50**, **\$9.50** and **\$12** per sale. When you have **400** members in your super team you could be promoted to **Executive Vice President Infinity (EVP I)**. At that time you will receive **\$12** for each membership sold in your **sales organization** in generations **1** through **5**.

So, if you and each member in your **sales organization** make **5** sale in the first week or less – that would be **1** training sale and **4** regular sales, then in **6** weeks you could have **5** generations with a total of **5,456** members. For the first **400** sales, you could earn **\$2.50, \$7.50** or **\$9.50** for each sale. For the other sales ($5,456 - 400 = 5,056$), you could be paid as an **Executive Vice President Infinity**. You could earn $5,056 \times \$12 = \$60,672$ in **6** weeks. You could get paid every week.

THIRTY EIGHT THOUSAND DOLLARS PER MONTH RESIDUAL INCOME FOUR HUNDRED FIFTY THOUSAND DOLLARS PER YEAR

There is even **more money**. Members in your **sales organization** will pay **\$34.95** per month for their membership. Six months after you start your **Sales Organization**, you could start receiving **monthly residual income**. You could receive **\$7** per month for each membership in your **Sales Organization**. So, you could receive $5,456 \times \$7 = \$38,192$ per month $\times 12 = \$458,304$ per year.
